Enhance Spot and Stain

Professional carpet care made simple

Spot and Stain Treatment for Carpets

- Unique formula
- Contains Odour Neutralising Technology
- Easy to use

Unique formula

- Enhance Spot and Stain has been formulated to provide an all in one carpet spotting solution for all common water and oil based spots and stains. It is Woolsafe approved and is safe for use on all carpets and soft furnishings.

Contains Odour Neutralizing Technology

- Enhance Spot and Stain contains odour neutralising technology. This technology works to destroy the malodours in carpets and furnishings leaving a fresh apple fragrance.

Easy to use

- Enhance Spot and Stain comes ready to use in an easy to use trigger spray. Simply apply the product directly onto the stain and leave for 30 seconds before blotting, then rinse with clean water.

Enhance Spot and Stain

Three simple stages to professional carpet care

Step One: Daily Cleaning

- Use Enhance spot and stain as part of your daily carpet care program to treat carpet spots and stains.

Step Two: Intermediate Cleaning

- Use Enhance Foam Shampoo to either wet or dry foam shampoo your carpets as part of your intermediate carpet care program to restore appearance of your carpets and prolong the life of your carpet.

Step Three: Periodic Cleaning

- Use Enhance Extraction cleaner to deep extraction clean your carpets as part of your periodic carpet care program. Extraction cleaning will restore the appearance of your carpets and will remove deep dirt and odours leaving carpets clean and fresh.
