

TASKI®

Jontec Tensol

F4c

Floor cleaner/maintainer in SmartDose®

Description

Floor cleaner/maintainer, without film build up. Ideal for cleaning and maintenance of protected and unprotected water resistant hard floors. Creates a slip-resistant and dirt repellent floor.

Key properties

- Contains a glide additive
- Fresh fragrance
- Non build up cleaner/maintainer
- Fast acting, low foaming
- Versatile application
- Well-balanced formulation based on water-soluble maintenance ingredients
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Cleans and maintains without film build-up, creating a slip resistant and dirt repellent surface
- Ideal for scrubber driers: low foaming for fast solution pick-up and optimal recovery tank use
- Glide additive facilitates wet mopping
- Also suitable for damp mopping (dust removal) and for spray cleaning with single disc machines
- The O.N.T. technology destroys malodour molecules and therefore enhances the fresh fragrance.
- Ideal for the new generation of floorings (PU Floors/pre-treated floors) as initial treatment

Use instructions

TASKI Jontec Tensol is supplied in SmartDose dosing system for convenient and controlled dosing of the product into a spray bottle, bucket or machine tank.

Dosage:

Bucket method: Start filling bucket with water. Turn yellow head to bucket position: pull head up, then push down fully. Dose 1x20ml per 5L water (0.4%).

Scrubber drier / Single disc machine use: Start filling machine tank with water. Turn yellow head to bucket position: pull head up, then push down fully. Dose 1x40ml per 20L water (0.2%). For heavy soil dose 1x40ml per 10L water (0.4%).

Spray Cleaning (Single Disc Machine): Fill bottle with 500ml water, turn yellow head to bucket position, pull head up, then push down fully to dispense 1x20ml (5%).

Proper dosage and temperature save costs and minimize environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

TASKI®

Jontec Tensol

F4c

Application:

Bucket - wet mopping: Dose/dilute the product into a bucket filled with water, apply the solution with a mop and remove the soiled solution.

Machine cleaning:

Scrubber-drier: Dose/dilute the product into the full water tank, apply the solution and remove the soiled solution.

Single disc machine: Dose the product into the machine tank or into the 500ml bottle of the spray device and clean the floor. Buff for extra shine (TASKI® IntelliPad is the perfect pad).

Technical data

Appearance: Clear, colourless liquid

pH value (neat): ≈ 9

pH value (in use): ≈ 9

Relative density (20°C): $\approx 0.97 \text{ g/cm}^3$

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use on water-sensitive floors, e.g. unsealed wood.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

TASKI Tensol is available in 1x1.4L SmartDose.
