## Low foaming, neutral floor cleaner concentrate in QuattroSelect®

### Description

TASKI Jontec 300 is a low foaming daily cleaner for water-resistant hard floors and can be used for both manual and machine applications.

### Key properties

- pH-neutral
- Blend of different types of surfactants
- Incorporates O.N.T. Odor Neutralizing Technology
- Low foaming, fast acting and fast drying

### Benefits

- Suitable for all types of water resistant hard floors
- Economical cleaning through effective performance at low dosages
- Fast drying time without streaks
- Ideal for scrubber driers, spray cleaning with single disc machines and wet mopping
- Contains Odor Neutralizing Technology which destroys malodour molecules, leaving a long lasting, fresh fragrance

### Use instructions

The product can only be used through the QuattroSelect dilution unit, which guarantees 100% cost control and safety. The Quattro Select unit dispenses high flow (bucket & machine application) and low flow (spray application) dosages.

### Dosage:

Point the yellow Quattro Select unit selector valve to the quadrant which corresponds to the right product and application.

Spray application: Dose 2%

Bucket/ machine application: Dose 0.2% - 0.4%

Please refer to the Quattro Select unit installation manual for selecting the right dilution tip.

Proper dosage and temperature save costs and minimize environmental impacts.

### Application:

1. Spray cleaning: Fill the spray bottle using the low flow eductor, apply to a small area and work over area with a red pad, fitted under a single disc machine.
2. Wet mopping & machine cleaning: Fill the bucket/machine using the high flow eductor through the filling gun. apply the solution and remove the soiled solution.
